

Vale **Maeve H. Mallinson (Groom) FCOT**
10 June 1940 - 13 October 2018

The WFOT Executive Management Team and its member organisations were saddened to learn that former Council of Occupational Therapists for the European Countries (COTEC) president Maeve H. Mallinson (Groom) passed away on Saturday October 13, 2018.

In her role as COTEC President, Maeve represented the organisation at the WFOT 2000 and 2002 Council Meetings. Maeve was a key contributor to cementing the excellent working relationships with WFOT and COTEC that we continue to enjoy to this day. She championed the notion that whilst the two organisations were different, particularly with COTEC needing to respond to European legislation, that they could complement each other and work in harmony.

Every one of us who had the privilege to meet and work with Maeve will remember her warmth, her humour, her intelligence and her significant and passionate commitment to the profession.

Our sincere condolences go to Maeve's family and loved ones on this sad loss.

Marilyn Pattison
President
World Federation of Occupational Therapists
